# KING STREET APARTMENTS

---

**CITY OF DUNDEE**

# Welcome to King Street Apartments

---

Situated in the heart of Dundee City, you will find the historical King Street.

Within easy reach of national links are 12 luxurious apartments contained within a row of 3 refurbished B Listed Georgian townhouses fully restored and modernised.

The original building was designed by architect David Neaves and constructed in 1815-1819.

Due to its architectural significance it has achieved B listed status in order to protect the magnificent structure. The recent internal modifications remain fully sympathetic to the buildings authentic design and heritage and complement the exterior consistently.

# DUNDEE CITY

---

King Street is situated in a prime position in the heart of Dundee City Centre and a few minutes walk from the multi-million pound regeneration of Dundee's Central Waterfront. The unique location of King Street Apartments offers the benefits of both the Waterfront and City Centre living.

Located in the Central Waterfront will be the much anticipated jewel in the crown V&A museum of Design. The V&A museum will be an international centre for design for Scotland the first ever design museum to be built in the UK outside London. The V&A museum will be housed in a world class building at the heart of Dundee's waterfront.

It will host major exhibitions, celebrate Scotland's design heritage, inspire and promote contemporary talent, and encourage design innovation for the future.

This is an extraordinary, once in a century opportunity to transform Dundee.

The V&A and its surrounding areas can only benefit enormously over the coming years by the enormous influx of visitors boosting the local economy through tourism, business and commerce and future development. Slessor Gardens will be the main parkland in the Central Waterfront and is designed to be a multi-functional space with capacity to host large events.

King Street Apartments are ideally located not only for easy reach to the Central Waterfront but also within minutes walk is City Quay and the City Centre.

City Quay is already fully established with luxury residential apartments & townhouses, retail units, bars and restaurants. The Apex Hotel is perfectly located on the shore of Victoria Dock and is home to its 2 rosette award winning restaurant.

Shed 25 is currently under a multi-million pound construction offering a mixed use of office and leisure space. This development will have a number of office suites as well as a café/restaurant at its Southern end offering views to the historic Graving Dock (dry dock) and over the proposed marina.

The waterfront regeneration has already seen the influx of hotel chains into the waterfront proximity such as Malmaison, Hampton by Hilton, and more hotels are planned and under construction in the City Centre & Central Waterfront. The rapid construction of new hotels exist to meet the surge in demand for accommodation by visitors to the City.

National links are accessible via the new Dundee Rail Station, currently under construction, offering transport links to all major UK towns and Cities. The mixed use rail station will be home to retail, café and office space. The Central Bus station is within short walking distance and also offers arterial links to the rest of Scotland and to national travel networks. The airport is a short drive from the city centre/Waterfront positioned on Riverside Drive with regular flights to London.

Dundee University and Abertay University are both within walking distance of King Street Apartments.

## UNESCO

---

Dundee has been named the UK's first City of Design first and only in UK.

The city has been recognised by UNESCO for its diverse contributions to fields including medical research, video games and comics.

The City of Design has previously been awarded to 12 cities, including Beijing, Berlin and Montreal.

“Dundee is the coolest little city in Britain”

GQ MAGAZINE (2015)

# SPECIFICATION
