The right way to move

Phase 3, Milton Mill

| Monifieth | DD5 4JF

Description

Located on the waterfront in the highly desirable town of Monifieth, we are pleased to launch our latest phase at Milton Mill. Phase 3 is a select development of 2/3 bedroom luxury apartments, offering panoramic, uninterrupted vistas over the Tay Estuary and beyond to Fife.

Description

Phase 3 encompasses 16 beautiful apartments; featuring a combination of 2/3 bedrooms apartments which offer a variety of size and choice to suit every budget. Each apartment has a south facing glass balcony or terrace giving you some much sought after, private, outdoor space. This phase is constructed over 4 floors and benefits from lift access.

Of quality construction and specification, our attention to detail ensures that these apartments offer spacious, open plan living, perfect for a modern lifestyle. Each apartment comes with its own dedicated parking space, with additional visitor and disabled parking facilities throughout the site.

Attentive landscaping and common gardens available to all residents are a feature of the development, adding to the tranquility and harmony of the location.

Additionally, we are delighted to welcome the Co-operative retail on site; it is anticipated that the convenience of a small store will be enormously beneficial to the residents of Milton Mill and the immediate surrounding environs.

With excellent transport links, the A92 runs between Arbroath and Dundee immediately to the North of Monifieth, with a train and regular bus service to Dundee and its surrounding areas. Monifieth has a small retail and leisure complex to the north of the town and there is a shopping area centred around the high street, which has a variety of businesses. The city centre of Dundee is only 6 miles away to the west. Monifieth's picturesque seaside location and its association with golf play a significant role in its economy.
