4 individually
designed apartments

2-4 John

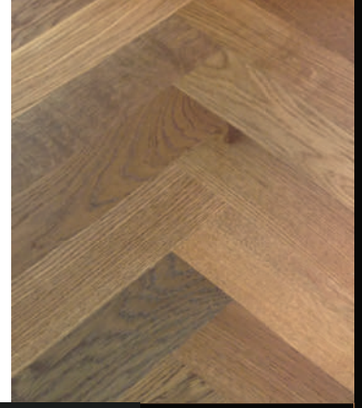
John Dalton Street
Manchester

40—42 John Dalton Street:
The pinnacle of city centre living awaits. Your own little haven away from the masses. A space where technology enables human moments rather than acting as a barrier.

Comprising of 4 individually styled apartments, 40–42 John Dalton St. offers a contemporary living environment designed and developed to the highest standard.

Created to be modern but respectful of the buildings heritage, *40—42 JDS* combines the best of old and new.

Retaining the existing facade of the building, the apartments within *40—42 JDS* are your own luxurious haven away from the energy of the city.



Living Room / Bedroom
floor finish option A
Havwoods Italian Bronzo

Fitting for a development located in the birthplace of the modern world, what sets 40—42 JDS apart is it's innovative and progressive technology, delivering the most hi-tech homes in Manchester.

The entrance is designed to mimic the speakeasy's of the prohibition days. A nondescript entrance that masks the luxury within from the unsuspecting city outside.

Upon entering the apartments, you're met with some of the more stylish apartments in the city. A world away from the mass produced, one sizes fits all apartments on the outskirts of the centre, these 4 apartments represent the finest city living that you can find.

40—42 JDS is located on the edge of Spinningfields, one of the most affluent areas in the vibrant city of Manchester, filled with bars and restaurants and a scale of growth like no other area in the city.

Situated in the heart of Manchester, Spinningfields is one of Europe's most successful urban regeneration projects, creating an entire new quarter in the city. It is the leading regional financial quarter in the UK and at the centre of Manchester's thriving corporate community.

Spinningfields is a vibrant destination with luxury international fashion brands, restaurants and bars, serving both an affluent business and resident community.

Chosen as the location for the newest venue of the world famous Ivy restaurant, the area comprises of a wealth of the trendiest restaurants and bars, but also a stones throw away from some of the cities more underground venues. It's also firmly established as a venue for culture and entertainment, being home to the John Rylands Library, the People's History Museum, Manchester Opera House, public art pieces and an outdoor cinema.

Wondrwall is a pioneering intelligent living system that makes your home adapt to your needs and desires – automatically controlling heating, lighting security and safety, with voice control technology to override any of our adjustments at any time. The Wondrwall home learns and works around you, observing how you actually live, which rooms you spend the most times in and how you use heating and lighting. In doing so, Wondrwall seamlessly and intelligently supports and enhances your living environment without your input.

SIEMENS

Home Connect: Manage your home appliances from wherever you are. As innovation moves on, new possibilities arise. Connected Siemens appliances, intelligent software and the intuitive Home Connect App offer a new world of exciting uses. Ease the workload by letting the app choose the best washing programme – or open up completely new possibilities by looking inside your fridge from anywhere. A smart appliance with Home Connect makes everyday life more efficient, allowing you to spend more time on the things you love. For a life less ordinary. Siemens home appliances with Home Connect give you more flexibility and freedom when using your appliances. You no longer need to be at home to start your washing machine or you can preheat your oven from your desk.

40—42 JDS is being developed by a young, energetic and talented team all based within, and with insider knowledge of the local area. Partnering some larger national players will create a development to seize this great opportunity.

Elevate Architects

Founded in 2006 and based in Ancoats, CERT is delivering some of Manchester's most exciting developments. Focused on delivering the highest quality living, working and recreational spaces that add value to the neighbourhoods in which they are located.

CERT Property

A young and progressive architectural practice located within Ancoats. With the founder having worked on some of the most high profile heritage projects in the city, they were the perfect choice for such a bespoke and exciting project.

Armitage Construction

Benjamin Armitage (Hyde) Ltd was founded in 1874. Today they are a thriving construction business. Times have certainly changed in the 140 years that have elapsed since their company's inception, yet the traditional values the company was originally built on remain constant. They can boast a directly employed, highly skilled workforce and a reputation that can be verified by their testimonials and their standing over the years as a 'quality contractor'.
