

Silk Street, Sutton In Ashfield, NG17 5AA

Offers over £69,950

A competitively priced, well proportioned traditional townhouse of immediate interest to the BUY TO LET INVESTOR or FIRST TIME BUYER seeking an affordable starter home found within a highly convenient location.

- TWO RECEPTION ROOMS
- 3 DOUBLE BEDROOMS
- CLOSE TO TOWN CENTRE

DESCRIPTION & SITUATION

The sale of this well proportioned, three storey traditional townhouse will be of immediate interest to either the first time buyer looking for an affordable starter home or the buy to let investor seeking a property with excellent potential for future renting offered at a fair and realistic price.

The property provides the extra room space, privacy and economy gained from two separate reception rooms. The kitchen and bathroom both have modern fittings and all of the bedrooms are of practical proportions.

The property is situated within easy walking distance for local schools and all of the facilities to be found in Sutton town centre.

The property is now vacant. As such, early possession is readily available as there will be "no chain" forming above. We have no hesitation in recommending an early inspection.

Date of assessment: 14 April 2016

Date of certificate: 14 April 2016

Reference number: 9248-6041-7224-1396-0900

Type of assessment: RdSAP, existing dwelling

Total floor area: 85 m²

Use this document to:

- Compare current ratings of properties to see which properties are more energy efficient
- Find out how you can save energy and money by installing improvement measures

Estimated energy costs of dwelling for 3 years:

£ 3,396

Over 3 years you could save

£ 1,503

Estimated energy costs of this home

	Current costs	Potential costs	Potential future savings
Lighting	£ 249 over 3 years	£ 168 over 3 years	
Heating	£ 2,802 over 3 years	£ 1,491 over 3 years	
Hot Water	£ 345 over 3 years	£ 234 over 3 years	
Totals	£ 3,396	£ 1,893	

These figures show how much the average household would spend in this property for heating, lighting and hot water and is not based on energy used by individual households. This excludes energy use for running appliances like TVs, computers and cookers, and electricity generated by microgeneration.

Energy Efficiency Rating

Very energy efficient - lower running costs

Not energy efficient - higher running costs

Current	Potential
58	86

The graph shows the current energy efficiency of your home.

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommendations on page 3.

The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60).

The EPC rating shown here is based on standard assumptions about occupancy and energy use and may not reflect how energy is consumed by individual occupants.

Top actions you can take to save money and make your home more efficient
